Did the course go ahead?	Yes
If yes, what were the learning objectives:	<p>Objectives :</p> <ol style="list-style-type: none">1. There is a great need to raise the awareness of present threats for reproductive health and rights in Poland :<ul style="list-style-type: none">- in the Polish society as a whole (information, education, public debates)- with the support of the European Union (inviting MEPs, organizing hearings in the EU Parliament);- On the UN level (producing shadow reports to different UN committees, statements on the status of reproductive health and rights in Poland, inviting special rappourters on health, discrimination on against tortures).-2. Build the broad coalition of NGOs working on human rights and health issues and women's initiatives;3. Engage the media in the pro-choice campaign.
Were all objectives met?	Yes
Numbers who attended :	105
Did as many attend as planned?	Yes,
Audience type (ie doctors / nurses) :	Activists working on reproductive health and rights, media, scientists, lawyers, psychologists, medical students
Speakers' knowledge regarding subject	4/4

Speakers' communication skills	4/4
Images or handouts quality and readability	3/4
Was there any bias regarding any presentation or discussion on a product or procedure?	No
If no form used, how did you evaluate the participants' views ?	We didn't use the evaluation form. The evaluation was possible during the seminar. Many voices from the audience answered experts and presented own opinions. The discussion after the seminar was prolonged and it was difficult to close it. WE receive many positive opinions and feedback. Generally participants asked to organize more seminars on this topic.
Budget – how did you use the ESC grant ? Please give a detailed breakdown of costs and supply receipts if requested.	<p>Final financial report:</p> <p>Expenditures :</p> <ol style="list-style-type: none"> 1. Project coordinator : 3 months x EUR 300 = EUR 900 2. Preparing presentations : EUR 500 3. Moderator : EUR 300 4. Refreshment: 105 persons x EUR12 = EUR 1 260 5. Technical and administrative costs :EUR 500 6. Printing materials for participants: EUR 540 <hr/> <p>TOTAL spent : EUR 4 000</p>
Was the ESC acknowledged for the financial support ? Was it mentioned in the promotion or any kind of information provided to the participants:	Yes, participants were informed that the seminar was possible thanks to the ESC financial support.
Any other information you feel important to report:	Thank you for this extremely important for us support. Thanks to your support we are able to continue our fight in order to regain reproductive rights for Polish women.
Please attach the final programme of the course to your report (not a problem if not in English).	Program_gala 25 lat.docx
Was having a mentor helpful – please comment?	Doctor Medard Lech was extremely helpful during the process of preparing the seminar. He gave us the huge medical support. Explained medically the threats on women's reproductive health of the Stop Abortion draft law.
